

There's a New Wind Blowin'

By Phil Lucas and Russ Garcia

CHORUS:

There's a new wind blowin' across the sea

There's a new wind blowin' a callin' me

It's a new way for a new Day, gonna set all men free

It makes you strong as a mountain

You move like the sea

With wings like a bird flying

Through eternity

CHORUS

It sings of love and one world
And one mankind
With no more war we will
All have peace of mind

CHORUS
